

INTERFAITH HOUSING DEVELOPMENT CORPORATION

An interfaith partnership to address homelessness and the lack of affordable housing

October 14, 2011

To Whom It May Concern:

I welcome the opportunity to express my thoughts regarding Interfaith Housing Development Corporation's tremendous partnership with Puro-tec Ltd. The partnership began back in 2009 with the construction commencement of the 2300 Airacobra Street rehabilitation project. After providing the commitment to deliver our rehabilitation project, Interfaith Housing Development Corporation engaged Puro-tec Ltd to rehab multiple projects. Many years after hiring Puro-tec Ltd, Interfaith Housing Development Corporation is proud to say the partnership has and continues to be extremely successful.

While our decision to continually work with Puro-tec Ltd is largely based on Puro-tec Ltd's character, leadership, and teamwork approach, Interfaith Housing Development Corporation truly recognizes that Puro-tec Ltd also possesses the expertise and professionalism needed for our unique and sophisticated projects. In addition to the great level of service Puro-tec Ltd has extended to our company, Puro-tec Ltd has also shown support in many ways exceeding expectations and continually supporting Interfaith Housing Development Corporation through sponsorships.

As Interfaith Housing Development Corporation moves forwards with extremely challenging projects, we will continue to partner with Puro-tec Ltd as they provide the knowledge, leadership and integrity that embody the Interfaith Housing Development Corporation philosophy.

Sincerely,
